FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

In reference to our previous correspondence and the most recent email letter to

The President of the United States asking him to commute the FCC charges against

A fine gentleman Herb Shoenbohm in the US Virgin Islands KV4FZ I realize, The boss being very busy in Columbia and elsewhere, I take this opportunity to

PROPOSE and make this MOTION to the Board of the Federal Communications Commission That You Waive all FCC charges against Herb and Reissue his Amateur Radio License, and by doing so right a wrong, and show the goodwill On which the entire radio system and the Federal Communications Commission Was built. The radio media as of today and tomorrow will more and more depend On the Good Will of all radio types like Herb KV4FZ and all the others and we MUST NOT FORGET that we owe them all. I have already suggested in my writings That Herb should really receive an award from FCC for his efforts to clarify FCC rules

to our net-operators and with his great back-ground in radio this is very appropriate for

You to do also. I am sending this letter-of-waiver-request to You by various means.

Best wishes for Labor Day and God's Speed.

Johan-in-Washington.

Johan,

President Clinton just filed a brief with the Arkansas courts pleading with them that disbarment for lying to a Grand Jury and to a Federal Judge is "to harsh" a punishment for his conduct. Perhaps he will understand the issue when I am being barred from renewal of my ham license "because the FCC has determined that I lack the requisite character to be a licensed amateur radio operator". They based their decision on my refusal to admit to a crime that I did not commit. I always thought that in America a person has a right to deny the commission of a crime.

He has the power to commute my FCC sentence and request a waiver to allow my license to be renewed.

Herb
